

A note from Fr. Jim:

Thank you is never enough, but nothing I could say would be enough to express my gratitude to all of you for your care, support, prayers and love these last few days. Thank you, Thank you.

I have heard from the surgeon the procedure was successful and all the cancer removed. Now I need to heal and rejoin you as I am able.

A parish priest holds his parishioners, their lives, joys and sorrows in his heart. I do and will now do with greater care. Again, you teach me how to serve, to care, to believe. Thank you, God Bless, Fr. Jim
